ABOUT ME

I'm, a third-year BSc Information Technology student at Karatina University. For as long as I can remember, I have had an immense passion for computers, IT has shown me a whole new world where computers can be used to solve endless infinite problems. I am an expert in Python, R, javascript, and C++, In my free time I like to work on projects or learn an online course currently am learning to be a software engineer at App Academy

WORK EXPERIENCE

◐ 2021 - 2021

Samuka Enterprise

Network Technician

I got this job right after completing my Form 4, I learned how to implement different network designs in companies and people's homes, which ranged from physically assembling the network system to designing and building networks

● 2022 - 2024
